Keeping in view the tide of time of transcontinental exchange of concepts and methodologies in recent years, we have been trying to accord importance to hi-tech teaching methodologies. Our distinct teaching methodologies impart holistic education through ultra modern techniques which are characterized by brain storming sessions, bridge courses, seminars, symposia, case studies, powerpoint presentations, research projects, career fests, educational & industrial excursions and workshops etc.

The quality of educational programmes, the research opportunities and employment prospects make S.D. an irresistible education destination for students. Unleashing the potential of the students to the optimum in a balanced manner through competence, enhancement and enduring values is the focus of our institution. We believe in the overall development of the personality of the students through academics, sports and extra-curricular activities.

I have no doubt that with an inbuilt momentum, our institution would continue to march forward to a better tomorrow in the service of the nation.

I wish the principal, the staff and the students of the college all success in their future endeavours.
